DETAILED ACTION

1. This communication is in response to amendment filed 9/22/2005.

Response to Amendment

2. Claim 1 has been amended.

Response to Arguments (Remarks)

3. Amended claim 1 fails to address the deficiency annunciated in the prior office action under 35 USC 112, second paragraph. Please refer to detailed explanation provided below.

Claim Rejections - 35 USC § 112

3. Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
4. Claim 1 as amended recites limitation b. as “determining the performance.... to determine an actual level of risk and return..”. Note that this limitation states the determining only as intended function or act. In other words, the claim fails to positively recite that the actual level of risk and return is calculated. Limitation c. refers to “ the actual level of risk and return”

Art Unit: 3624

which requires that such parameters be actually calculated. The examiner suggests to amend step b. as follows:

b. determining an actual level of risk and return of the service provider under the current portfolio by evaluating performance of the current portfolio of the SLAs using a portfolio evaluator means.

5. Claim recites step c. as “evaluating performance ..comparing the actual level of return for the current portfolio and the efficient portfolios with the desired level of risk and return;”. This renders the claim indefinite because step c. does not clearly specify what is being compared, what is being evaluated, what is the outcome of the comparison and how this step is functionally related to the step of implementing corrective action as recited in step d.

Allowable Subject Matter

6. Claims 1-4 are allowed subject to correction of aforementioned deficiencies.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 3624

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
